## **How Can You Use the Materials?**

Materials can be printed and distributed within your class and your class alone. Intellectual property and copyright laws prohibit the editing, sharing, or selling of these materials beyond your classroom and your students. These materials may be posted in a closed, in-class program or setting, but they may not be shared with other teachers or posted openly online.

Remember, I am an individual creator functioning as a single-member LLC—not a corporation or company with multiple personnel. I LOVE creating classroom curricula, activities, tests, etc., to enhance student learning and teacher instruction. I also love constantly improving and updating my products as time moves along... so please respectfully honor my right to be compensated for the time and effort I put into my materials—and of course, use them yourselves!

## **What If I Am Experiencing an Issue With the Product?**

If you have any questions or problems with the activity or download, email me directly at [morgansapacademy@gmail.com](mailto:morgansapacademy@gmail.com). I generally respond quickly to emails! Please do not use Teachers Pay Teachers to communicate or ask questions--it is an ineffective form of communication.

If you enjoyed the activity or the bundle, please make sure to give it a 4/4 rating on Teachers Pay Teachers. It is very helpful! 😊

To find out when I release new materials, you can follow me on [Pinterest](#)!

If you're interested in either my Full Curriculum or Bundles that provide all instruction materials, activities, assessments, review materials, etc., then check out my AP World store [here](#) or activities sold separately [here](#)!
