

HISTORICAL FRONT PAGE

Timing: 45- 60 minutes

Historical Front Page

Create the front page of a newspaper that covers an event we recently covered in class as if you were actually living during that time. Include images and stories about the event. You may be creative (especially if the event pre-dates newspapers!), but the majority of your newspaper must include historical facts. Additionally, your content will count more than your artistic ability.

An example:

Your Paper's Name		
Location	Date	Price
image caption	image caption	
Story with title and byline that relates to image	Story with title and byline that relates to image	
Image	Story with title and byline that relates to image	

Be sure to include

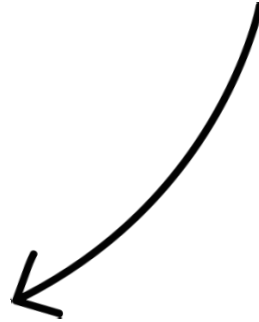

- at least 3 images and 3 stories
- information from your notes and text

It is due at the end of class.

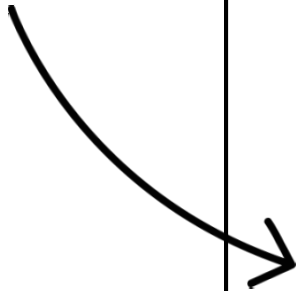

Now go create and have fun!
